Allergen/Calories info

All our food is prepared in a kitchen where nuts, gluten and other food allergens are present. Our menu descriptions do not include all ingredients. If you have a food allergy or intolerance, please let us know in advance. Other options may be available - please ask in-house about your dietary requirements. Fish dishes may contain bones. All weights are approximate uncooked. Menu subject to availability / change. Please note that due to the nature of cooking our deep fried products, we cannot guarantee they're free from cross contamination with other allergens. Wheat and gluten ingredients which are deep fried will use the same fryers in our kitchens as dishes not containing these ingredients - there may be risk of cross contamination which may therefore affect extremely sensitive sufferers. If you are unsure which of our products go through the deep fryer please ask a member of staff. Full allergen information is on our website menu page.
